SERVICE AREA SUMMARY OF PHYSICIANS BY SPECIALTY

TABLE: HSD-1

Instructions:

Providers should only be counted once on this table.

A mid-level practitioner is being defined as a nurse practitioner, physician assistant or nurse mid-wife.

If there are other specialties that are not listed, add lines under the "other" column to cover these specialties.

Column Explanations:

1. **Specialty** - Self-explanatory.
2. **Total Providers: Staff Physicians, Members of Group*, IPA, Direct w/Plan, or PHO** - List the number for each provider type.
3. **Total Number for Commercial** - List the total number for all physicians who have agreed to serve commercial members.
4. **Total Number for Medicare** - List the total number of those physicians listed in column #3 who have agreed to serve Medicare members.
5. **Total Number Accepting New Medicare Patients** - List the total number of physicians in column #4 who are accepting new Medicare patients.

***Members of Group or IPA:** Physicians who are members and/or employees of the group or IPA.
